Payment Options

Upon submission of your manuscript, you'll need to select one of the three payment options.

Please note that funding, discounts and waivers will only be awarded if the CORRESPONDING Author qualifies. Therefore it is essential that you have correctly flagged the Corresponding Author on the "Authors & Institutions" submission step.

Depending on the Corresponding Author's institutional affiliation or funding source:

1. The Corresponding Author's institution or funder has an existing agreement with Wiley and may pay the Article Publication Charge from this account on behalf of the author, or offer a discounted APC. Use our [Account Code Finder Tool](#) to check if the Corresponding Author's institution or funder has an agreement with Wiley that may pay your Article Publication Charge or offer a discounted APC. If their institution or funder is listed, choose this option.
2. The Corresponding Author (or their institution) will pay directly or will arrange payment (request an invoice) for the APC. Select this option to pay or to arrange payment for the Article Publication Charge. Choose this option if the institution requires an invoice for payment. You can pay by credit card, invoice or proforma. If you choose this option, you may also be eligible for certain discounts from the "Discounts That May Apply" section.
3. The Corresponding Author is from a country on the [Wiley Open Access Automatic Waiver List](#) and may be eligible for an automatic waiver of the Article Publication Charge. If the Corresponding Author is from a country that appears on the list linked to above, select the Automatic Waiver option.

Please specify who owns the copyright for this article

The answer to this question will tell our system whether you are authorized to sign this form yourself, or if you will be required to obtain another signature in order to legally transfer or retain copyright.

- Contributor-owned work**
This is the correct selection for most authors. It is customary in most academic and healthcare institutions for faculty to retain copyright for articles that they have authored. Please check whether different policies apply in your institution.
- U.S. Government work**
Applies only if your work was authored as part of your official duties as a United States federal government employee; such works are in the public domain in the US.
- U.K. Government work**
Applies only to employees of the U.K. Government.
- Non-Governmental Organization work**
Applies only if the work was carried out during the course of employment by a Non-Governmental Organization.
- Other Government work**
Applies only to government employees outside of the U.S. and U.K.
- Company/institution-owned work**
This does not typically apply to most universities and academic institutions. Applies when an organization, often a commercial corporation, owns the copyright of a work either because there is a specific clause in the author's contract of employment that states the company/institution's ownership of its employees' intellectual property, or it has been contracted ("made for hire").
