

## Cómo seleccionar el acceso abierto para su artículo en una revista híbrida\*.

\* Una revista híbrida es aquella que acepta artículos a través de un modelo de suscripción, además de ofrecer una opción de acceso abierto.

## Paso 1

En el correo electrónico, haga clic en **Return to Author Services** e inicie sesión en Wiley Author Services ([wileyauthors.com](http://wileyauthors.com)).

### Are you sure you don't want to publish your article open access?

Did you know?

- Authors who choose open access in a hybrid journal have on average seen more than **4 times** as many article views\*
- Hybrid open access articles received nearly **twice** as many citations as subscription articles\*

Your institution is part of our agreement with [Copperin institutions](#). That means your APC may be covered if you choose to publish your recently accepted article open access in *Epilepsia*.

**Change your article to open access today!**

## Paso 2

En **My Articles**, busque su artículo y haga clic en **Manage Article**.

## Paso 3

En la página Manage Articles, haga clic en **Select open access**.

The screenshot shows the 'Manage this article' interface. At the top, it displays the article title 'Experimental validation of the modelling and control of a multi-body underwater vehicle manipulator system for sea mining exploration' and its DOI: 10.1002/rvb.21982. The status is 'In Production'. Below this, a 'Required Actions' section is highlighted with a red border. It contains two main items: 'Sign license' with a 'Sign License' button, and 'Review Open Access eligibility' with a 'Select open access' button. The 'Review Open Access eligibility' item includes a sub-message: 'Article is eligible for Open Access coverage through your institution' and a note that 'Wiley and Assistance Publique Hôpitaux de Marseille have an agreement to cover the cost of your open access publishing.' To the right, a 'Publication History' section shows a timeline: Submitted (January 16, 2024), Accepted (January 28, 2024), and In Production. A 'Help with this article' section provides links for license and open access support.

The screenshot shows the 'Please specify funders for this article' page. It includes a sidebar with 'Sign License', 'Funders & Grant Details', 'Affiliations', and 'Open Access Options'. The main content area has a heading 'Please specify funders for this article' and a warning message: 'We could not find any funder information. If you received funding for this article, specify your funders here.' Below this is a '+ Add funder' button and a checkbox labeled 'I did not receive funding for this article'. At the bottom, there are 'Back to Manage this Article' and 'Confirm & proceed' buttons.

## Paso 4

Es posible que se le pida que confirme el financiador que introdujo al enviar el manuscrito. También puede seleccionar **I did not receive funding for this article**. Haga clic en **Confirm & proceed**.

## Paso 5

Es posible que se le pida que confirme la afiliación institucional que introdujo al enviar la solicitud. Haga clic en **Confirm & proceed**.

Please confirm your affiliations for this article

Please add your primary affiliation with the institution where the research for this article was conducted.

Correctly declaring your affiliations helps us determine if your institution covers your open access Article Publication Charge (APC). This will not affect any information in the published article.

- Do not include any of your co-authors' affiliations
- When searching for your affiliations, select your institution only, do not include a department, office, or other subdivision (e.g., enter "University of Oxford" and not "University of Oxford Department of Economics")
- We may not have your organization or company listed in our database. This may occur with small or private organizations or companies with no prior arrangement with Wiley.

### Copyright ownership

The following questions will establish who has copyright ownership over the work and help us provide you with the correct license(s) to be signed and submitted.

**What is copyright ownership?**

Owners of the copyrights to this work have control of the work's reproduction, distribution, creation of derivatives, etc. In most cases, the copyright owners are the people who contributed to the research and authored the manuscript. However, if the research was performed when acting within the scope of employment, the copyright owner could be the employer.

**Do you own the copyright to this work?**

Please select and confirm from the following options:

**Yes, I own the copyright to this work**

*This is the correct selection for many works.*

In most academic and healthcare institutions, faculty retain the copyright for work that they have authored. Please check with your institution to see if different policies apply.

**No, I do not own the copyright to this work**

*Another party may own the copyright to this work.*

This can apply if:

- This work was completed as part of official duties during the course of employment. Example employers where this can apply:
  - Local government agencies (U.S., U.K., etc.)
  - Private companies
  - Intergovernmental Organizations (IGOs) or Non-governmental Organizations (NGOs)
- There is a related clause outlined in the original statement of work.
- The work has been contracted or 'made for hire'.
