# Diabetes and Obesity in Renal Disease in 2019, an update

Alcorcón, Madrid, Spain  
November 15-16, 2019

With unrestricted educational grants from

**The Diabetes and Obesity in Renal Disease in 2019, an update, Madrid, Spain** has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 10 European CME credits (ECMEC®s). Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

## Diabetes and Obesity in Renal Disease in 2019, an update

Alcorcón, Madrid, Spain  
November 15-16, 2019

### Friday, November 15, 2019

- 08:30 **Introduction to DIABESITY: Welcome** - Gema Medina, Spain
- 09:00 **Which obese is at risk for renal disease** - Manuel Praga, Spain
- Obesity and renal disease: Clinical aspects**
- 
- 09:45 **Obesity: a factor for progression in established CKD**  
Gema Fernández, Spain
- 10:15 **Bariatric Surgery in patients with CKD** - Maruja Navarro, Spain
- 10:45 *Coffee break*
- Histology**
- 
- 11:30 **Renal histology in diabetes and metabolic syndrome** -  
Esteban Porrini, Spain
- Life Style Interventions and renal disease**
- 
- 12:00 **Mediterranean diet to prevent cardiovascular and renal diseases**  
Josep Tur, Spain
- 13:00 *Lunch break*
- Pathogenesis**
- 
- 14:30 **The role of Nox derived ROS in diabetic complications**  
Karin Jandeleit-Dahm, Australia
- 15:00 **New aspects of Renal Lipotoxicity** - Gema Medina, Spain
- 15:30 **Role of nuclear receptors in autoimmune kidney disease** -  
Mercedes Ricote, Spain
- 16:00 *Coffee break*
- 17:30 **Oral Communications**

### Saturday, November 16, 2019

#### The Liver in Obesity: Lessons for kidney disease

- 09:00 **NASH and renal disease: cross talks between the liver and the kidney** -  
Manuel Romero-Gómez, Spain

#### Lessons from animal models

- 09:45 **Small and large animal models of obesity and renal disease**  
Antonio González-Bulnes, Spain
- 10:15 **Regression of diabetic kidney disease in animal models**  
Josep Maria Cruzado, Spain
- 11:00 *Coffee break*

#### Lessons from clinical trials in diabetes

- 11:45 **20 years of clinical trials: looking behind, looking ahead**  
Matias Trillini, Italy
- 12:30 *Lunch break*

#### New treatment principles

- 14:00 **SGLT-2 inhibitors and GLP-1 agonists, an overview and emerging data**  
Mads Hornum, Denmark

#### Novel biomarkers and monitoring of diabetic disease

- 14:30 **Glycated Albumin and Continuous Glucose Monitoring in CKD and dialysis patients** - Tobias Bomholt, Denmark
- 15:00 **Markers of renal disease in obesity and diabetes** - Alberto Ortiz, Spain

#### Concluding remarks

- 15:30 **Future directions in Diabetes and renal disease** - Enrique Morales, Spain
