

PhD Thesis Project Offer

(valid since March 2026)

Provisional Title of the Doctoral Thesis

Artificial Intelligence and Human Rights: Tensions, Challenges and Limits in the Digital Age.

Subject area* / Research line

Social and Legal Sciences.

Summary of the Doctoral Thesis (maximum 300 words)

The development of artificial intelligence raises important questions regarding privacy, equality, personal autonomy, and surveillance. Legal systems seek to articulate responses that reconcile the drive for innovation with the effective safeguarding of fundamental rights. The central challenge is to preserve human dignity and control over decisions that affect people in a context of increasing automation.

Is the development of this thesis associated with the execution of any research project? If so, provide details of the project (title, funding entity, and execution period)

No.

Academic Profile of the Student (maximum 200 words)

Graduate or degree holder in Law, International Relations, Political Science or Criminology.
