

I Choosing a Sole Domain account

In order to facilitate and improve the process of choosing a Single Domain, a form has been created. In this form you will be able to choose the account you want and set the password for it. This account, as well as being your e-mail address, will be your access user to the different services of the URJC.

1.1 How do I access the form to choose my account?

Access the URJC corporate directory (<https://gestion2.urjc.es/directorio/>), and click on *Acceso Privado* (Private Access).

To validate yourself you must use your NIE as user and your date of birth in dd/mm/yyyy format (e.g. 10/02/1980) as your password.

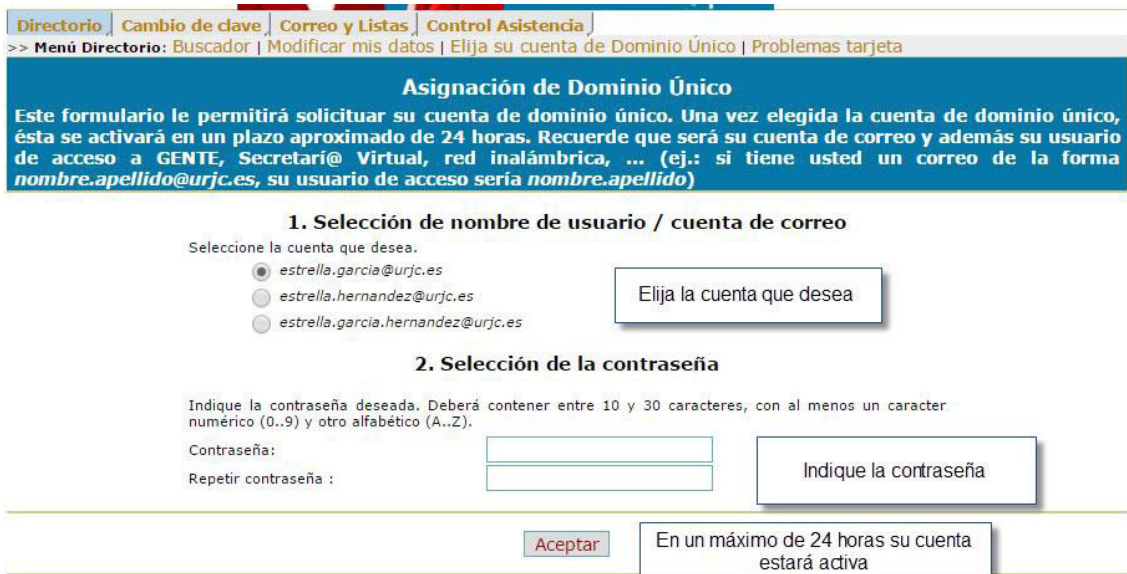

Bienvenido a la zona de acceso privado de la Universidad Rey Juan Carlos.

Next, if you have not yet chosen your account, you will see an option in the menu called “Elija su cuenta de Dominio Único” (Choose your Single Domain account) which you will need to click on.

This will take you to the account selection form.

In which you will have to fill in the data indicated so that the system can proceed to create your account. This account will be operational within 24 hours since it is chosen.
